

# ABOUT FACULTY OF EXCELLENCE:

- Faculty of Excellence (FOE) is an **initiative** by **Tec de Monterrey** that aims at **incorporating professors recognized as world leaders** in their respective areas of knowledge into the faculty and expertise.
- This initiative is an **important component of the Strategic Plan 2025**, one of whose axes will focus on attracting, developing and strengthening the faculty.
- This group of Sr. professors will contribute to perform collaborative work between the schools that make up the organization and will directly **impact the innovation of Tec's academic programs**.
- With the incorporation of these professors, the Institute pursues the objective of **strengthening the research ecosystem**, as well as attracting the best students and postdoctoral candidates.
- Faculty of Excellence seeks interdisciplinary collaboration between experts from around the world, something that at the end of the day will **enrich the experience for both students and teachers**.
- The first three recruits under this initiative are **Raj Sisodia** and **Dhruv Grewal** at the School of Business, and **Per-Olof Berggren** at the School of Medicine and Health Sciences.
